VOLGA-DNEPR - FLEET

An-124-100 is the world's largest, mass produced, civil cargo aircraft and is a recognized leader of the air cargo industry for its ability to transport oversized and super-heavy shipments

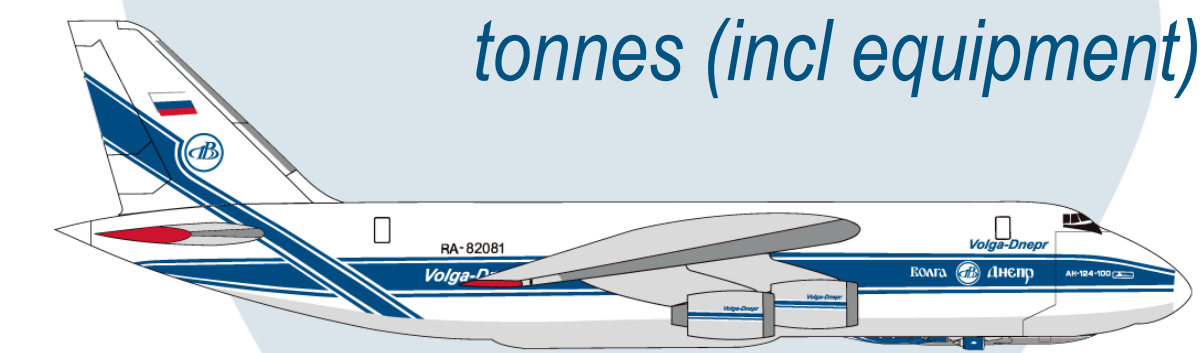

Il-76TD-90VD is one of Volga-Dnepr's most successful cargo aircraft thanks to its cabin size, carrying capacity and autonomous loading capabilities.

Fleet of strategic partner, ATRAN Airlines - An-12BP is a four-engine turboprop medium-range civil cargo aircraft designed to transport cargo and equipment on short- and medium-haul routes.

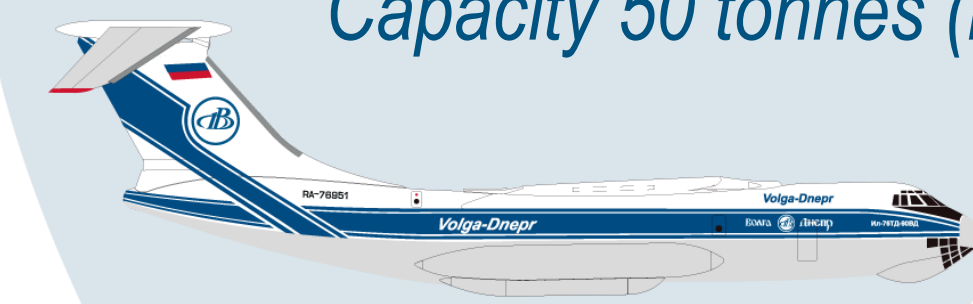

Fleet of strategic partner (road feeder service), Volga-Trucks - 35 truck tractors VOLVO FH/MERCEDES ACTROS and semi-trailers KRONE SD/SCHMITZ SKO - up to 66 europallets, two-tier loading
